PERSONAL OBJECTIVE

As an enthusiastic and passionate Web Developer, I seek opportunities to contribute my technical skills and creativity to dynamic and forward-thinking organisations. With my interests in developing intuitive and responsive web applications, I am committed to making a positive impact by collaborating with diverse teams and building products with real world use cases.

EDUCATION

Federal University of Technology, Akure   **Ondo, Nigeria**
Bachelor of Technology in Information Technology
- Coursework: Computer Science Fundamentals, Web Systems and Technologies, Software Requirements, Design, Construction and Quality, Algorithms and Data Structures, IT Project Development and Management, Project Management, Database Design, Object-Oriented Application Development.

Africa Leadership Experience(ALX)   **Remote**
Software Engineering
- Engaged in problem-solving using coding. I used Technologies like Python and C Programming language to build projects and solve Data Structures and Algorithms programming.
- Engaged in several Peer learning meetings where I explained concepts and provided technical guidance to other peers in solving and understanding problems.
- Reviewed the projects of other interns and gave them constructive feedback.
- Acquired key professional competencies such as project management, critical thinking, creative problem solving, interview techniques, communication, and collaboration skills.

WORK EXPERIENCE

LivePetals Systems   **Akure, Nigeria**
Software Developer Intern   *June 2024 - Present*
- Using technologies such as HTML, CSS, JavaScript, jQuery, PHP, MySQL, Bootstrap, ReactJS, NextJS, TypeScript, Git, and GitHub to contribute to various projects.
- Building three major projects: a Point of Sales Management Software, an E-commerce Web Application, and a Banking Web Application, demonstrating hands-on development skills across different platforms.
- Leading the development of the E-commerce application, coordinating a team, and ensuring project milestones are met effectively.
- Introducing and explaining new concepts to teammates, providing support, and addressing issues to facilitate learning and development.
- Conducting weekly presentations and writing reports to update stakeholders on project progress and achievements.
- Managing project tasks, designing databases, and assisting fellow interns with troubleshooting and understanding complex concepts.

Freelancing   **Remote**
Web Developer Freelancer   *April 2020 - Present*
- Develop interactive, responsive websites using WordPress, HTML, CSS, and JavaScript, ensuring compatibility across various devices and screen sizes.
- Worked on multiple client projects, consistently meeting and exceeding client expectations while delivering solutions that aligned with their specific requirements.
- Maintained constant communication with clients, providing regular updates on project status and ensuring smooth, transparent collaboration throughout the development process.
- Collaborated with UI/UX designers to implement web design components from Figma and Adobe XD, translating designs into functional websites.

ALX SE Algorithmia   **Remote**
Front End Developer   *November 2023 - December 2023*
- Developed a responsive, user-friendly website using HTML and CSS, focusing on a seamless user experience.
- Worked alongside UI/UX Designers and Front End Developers, ensuring smooth collaboration and successful project delivery.
- Translated Figma designs into functional, visually appealing web interfaces that matched the design team's specifications.
- Reviewed code from fellow Front End Developers, troubleshooting issues and making necessary improvements for clean, efficient code.

RCFFUTA ICT Team   **Akure, Nigeria**
Front End Developer   *September 2023 - December 2023*
- Developed a responsive, user-friendly website using HTML, CSS, JavaScript, and React, ensuring optimal functionality across devices.
- Collaborated closely with Backend Developers, UI/UX Designers, and the Project Manager to deliver the project on time.
- Translated Figma designs into an engaging, visually appealing web interface that met the design specifications.
- Streamlined communication with the team through Trello, providing regular updates and progress reports to the Project Manager.

LEADERSHIP EXPERIENCE
Association of Information Technology Students(AITS), FUTA   **Akure, Nigeria**
Director of Software   *March 2023 - December 2023*
- Initiated and executed informative online webinars. This resulted in an increased awareness and understanding of career options among students.
- Organized a successful Tech Conference. This conference attracted widespread participation and facilitated insightful discussions on key industry challenges and opportunities.
- Demonstrated effective organizational and leadership skills, ensuring the smooth execution of events and initiatives that added significant value to the student community.

SKILLS & INTERESTS
Skills: JavaScript, PHP, Python, HTML and CSS, ReactJS, NextJS, Bootstrap, Tailwind CSS, WordPress, Data Structures and Algorithms, Git and GitHub, Bash Scripting, Linux

Languages: English, French, and Yoruba

Interests: Reading Books and Documentations, Watching Movies, Playing Board Games
